**Mr. Sean Hansen,
Regional Director,
IPSC Canada.**

Dear Sean,

I refer to your letter of 5 March 2010.

Please be advised that the IPSC Executive Council has formally approved your request for rule exemptions, in order to comply with the laws of Canada, as follows:

1. Limiting magazine capacity in all pistol divisions to 10 rounds; and
2. Increasing the minimum distance for the engagement of metal targets to 10 meters.

Please ensure your membership understands that the subject exemptions only apply in respect of IPSC competitions held within Canada.

Yours truly,
