Slightly more than 300 shooters had taken the course and that slightly more than 220 shooters had completed their probation and had been issued a Black Badge number. He noted that many shooters who had been qualified had returned to the sport and that many were inquiring about returning to competitive shooting.

**Election Chairman Report** – Phil Carreira explained that there had been three positions on the Board available for election. He received two nomination forms on time and one after the date limit for submission. The two members who had submitted their forms on time Josko Kovic and Simar Sahni were acclaimed. Given that one position on the Board

remained vacant after the normal process had been concluded, the BoD decided to offer it to the member who had been late in submitting his nomination form and he accepted. Bernard DeGagne consented to serve for one year and his position will be up for election in the 2013 election cycle.

**NROI** – Phil Carreira gave the report. Two Level I, RO courses were given in March 2012 and 27 members attended. He will consider one more course this year. He also would like to run a Level II CRO course but must wait as the course is in review by IROA. Once ready to be given he will organize. The RM programme is in review.

**Match Policy Review** – Bernard DeGagne conducted a review of the current Match Policy. The consensus was that overall the policy was sound without any major corrections to be made. The only changes to be made were to emphasize the responsibility of all shooters to help with setting up, conducting and tearing down matches as it was felt that if more did help more matches would be held to the benefit of all.

**2013 Provincials** – Mark Graham and Bernard DeGagne conducted a briefing on how this year's Provincial match was developed with an emphasis on the philosophy, planning and budgeting aspects of the match. Mark also brought a target turner he had fabricated to show its simplicity and relative ease of manufacture.
